

Paper Bag Art Portfolio

1. Follow the fold on one of the sides, cut all the way to the bottom of the bag.
2. Then, cut all the way around the bottom of the bag to remove the bottom piece. Now you will have a big flat piece to work with.
3. Fold the cut paper bag in half, lining up the handles, cut sides, and bottom edges. Be sure the bag is inside out, so you have a nice blank slate for decorating! Use a few staples to secure the side and bottom.
4. Students can decorate!
